Common School Notice.

Common School Notice.

THE Commissioners of Common Schools—unless they have attended to the duty—will be pleased to forward, directly, copies of their certificates of appointments and qualifications; and also statements of their settlements for the year 1856, of moneys paid in 1857. This is a matter of importance, and it is hoped will receive prompt attention.

It is feared that some Commissioners have been careless in reporting the Fractional Districts. (See Common School Laws, Article 5th, Section 3d.) Some errors have been made by reporting the whole of such Districts to each county, thereby drawing the amounts twice. Diligence in the performance of this duty will avoid great perplexity and loss.

The law, as amended by the last Legislature, requires very prompt returns from the Commissioners. Their Reports should be plainly written, and the figures distinctly made, in columns regularly drawn.

Orders must describe the manner in which funds are to be drawn, as no money is sent by mail.

See Saperintendent's keport, forwarded this year, for further information. In this report will be found all the laws, necessary directions, forms, &c. Blanks have been forwarded for use of the Commissioners.

The Facile Mr. Buchanan.

Much has been said and written concerning the during his political life. It is well known that he was once a bitter Federalist, and that he is now a Democrat; that he for many years recognized the constitutionality of the Missouri com promise, and advocated it as the best and only measure of settling the slavery question; that he once recognized the power of Congress to legislate upon the question of slavery in the Territories, but that he now denies all such power and repudiates the Missouri restriction as an illegal assumption of authority. But it would be useless to endeavor to follow him throughout all his va rious twistings and contortions-the limited space allotted to us in our paper would not suffice for their enumeration. He has occupied both sides of nearly every political question that has been brought before the people of this country for the last forty years. Mr. Clay's severe sarcasm upon him about his ability to turn any coat to suit the times, was richly deserved. But never did he turn so complete a somerset

We commend this paragraph to the supporters of the President's policy. It will not be the last turn he will make before he gets safely through the waves which now threaten to engulf himself and party.

THOS. N. LINDSEY.-We are much gratified at the position taken by this gentleman upon the resolutions forwarded to Governor Morehead by the Legislatures of Ohio and other northern States. The substitute which he offered to the resolution of Mr. Silvertooth is conceived in the resolution of Mr. Silvertooth is conceived in the right spirit, and it is to be hoped that it will be adopted. His views concerning the courtesy which is due from one State to another are very correct and accord entirely with our own. If the Legislatures of all the States were composed of men as able and conservative as the Representa tive from Franklin county, the existing bad feeling between the northern and southern States would never have been heard of, but the intercourse between them would be harmonious, dignified and courteous in tone, and of such a character as to do honor to the sister sovereignties of our great confederacy. May it not be hoped that the Legislature of Kentucky may become imbued with the dignity, the propriety, and good sense, of his sentiments and adopt his substitute. We cannot believe that the Senate had fully considered the resolution which they had passed, or Stanton's message.

Nothing is yet known as to the character of the last message from Utah.

"It is a matter of deep regret to all sound thinking Democrats, that the elements of disruption have shown themselves so plainly in the party. Such inconsistency as the *Union* has extended by the state of the sta hibited, such a plain want of a settled Democratic faith as is shown by these extracts, have done James F. If the faith as is shown by these extracts, have done more to divide and dishonor the party than any endeavors of the opposition. It cannot be dedented that, in the face of these facts, the Union is deeply and lamentably responsible for defections in the Democratic ranks. In the attempt to follow the Union, distant papers distract their localities, spread inconsistency and faithlessness, William C. Gillis, Asa P. Grover.

various evolutions which Mr. Buchanan has made pen. In fact, they present the whole Kansas during his political life. It is well known that question, by embracing and avowing the principles of both parties. This, however, is not what the people expect in a Democratic leader. He must be one way or another—either for or against --either have an opinion or no opinion; but cer-tainly not have two opinions on a subject of such vital import."

Pray, why does not the States make his remarks apply to the President instead of to the President's organ and familiar? Is it on the old monarchial principle that the King must be considered infallable, but that all persons are privileged to denounce the monarch's ministers and tools to their heart's content. The States very severely lashes Mr. Buchanan over the shoulders of the Union. The States calmly asks if such inconsistencies are the "evidence of fitness for a leader of the Democratic press?" We quietly ask, if such inconsistency as Mr. Buchanan has exhibited on the Kansas question, is the evidence of fitness for a leader of the Democratic party, and echo answers, yes.

The undersigned have in course of preparation, and propose to publish as early as possible, a volume which shall contain, in concise form, and conveniently arranged for reference, a synopsis of the existing laws regulating the jurisdiction and duties of the inferior judicial, and ministerial offices of the State, as prescribed by the Revised Statutes and the Civil and Criminal Codes, as Mansion House, No. 54. well as by the laws passed subsequently thereto, including whatever changes may be made by the Mansion House, No. 19 General Assembly now in session.

This book will contain, under appropriate heads, a condensed abstract of the laws applicable to each officer, as well as a great variety of approved forms, such as forms of Warrants, (civil and criminal,) Indictments, Presentments, Bonds, Mansion House, No. 18. Judgments, Orders, Returns, Reports, Depositions, Sheriffs' Deeds, Petitions, &c. In short, it will contain every form necessary to be used by Pre-N. Sudduth, Assistant Clerk, H. Win-siding Judges, Justices, Sheriffs, Constables, Marshals, Assessors, Coroners, Clerks of Circuit and County Courts, Examiners. Commissioners in ence, Main Street.

Wm. P. Watson, Doorkeeper, Capital Hotel, Chancery, other Commissioners, Surveyors, &c., in the discharge of every duty imposed by law.

This work has been undertaken after consultation with many of the most distinguished lawyers in our State. The radical changes made by the Revised Statutes and the Codes of Practice, in their opinion, render such a work necessary, in order that the various inferior judicial and ministerial officers of the State may properly discharge their respective duties. The frequent change of officers by election, and their consequent want of familiarity with the different modes of proceeding, is an additional consideration in favor of the importance of such a book.

In the general plan and preparation of this book we have secured the assistance of the most eminent lawyers in the State, and no form will be published by us until it shall have been first approved by them, or unless we find that it has been sanctioned by judicial decisions. JAMES MONROE,

HOWARD ASSOCIATION PHILADELPHIA.

 Benevolent Institution, established by special endow ment for the relief of the sick and distressed, af-flicted with Virulent and Epidemic diseases. ment for the relief of the sick and distressed, afficted with Virulent and Epidemic diseases.

To all persons afflicted with Sexual Diseases, such as SPERMATORRHŒA, SEMINAL WEAKNESS, IMPOTENCE, GONORHŒA, GLEET, SYPHILIS, the Vice of ONANISM, or SELF-ABUSE, &c, &c.

The HOWARD ASSOCIATION, in view of the awful destruction of human life, caused by Sexual diseases, and the deceptions practised upon the unfortunate vicitims of such diseases by Quacks, several years ago directed their Consulting Surgeon, as a CHARITABLE ACT worthy of their name, to open a Dispensary for the treatment of this class of diseases, in all their forms, and to give MEDICAL ADVICE GRATIS, to all who apply by letter, with a description of their condition, (age, occupation, habits of life, &c..) and in cases of extreme poverty, to FURNISH MEDICINES FREE OF CHARGE. It is needless to add tha the Association commands the highest Medical skill of the age, and will furnish the most approved modern treatment.

The Directors, on a review of the past, feel assured thattheir labors in this sphere of benevolent effort, have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves, with renewed zeal, to this very important but much despised cause.
